Ed Shinnick, the big brained, clever editor of the Shelbyville Record, truthfully says: The beautiful should exist in the school life of the child. The school building and grounds should portray the artistic and beautiful. Those things which adorn the tasteful home should embellish the property—the lawn, terrace, walks, trees and flowers. Within should be neatness and refinement. A neglected schoolhouse is a terrible demoralizer. Place a child at a mutilated desk, put in his hands torn and soiled books and we find an almost irresistible temptation to continue the destruction with knife and pencil. Place the same child in a neat, clean room with suitable and beautiful furniture and we immediately remove the temptation for destruction.

There is nothing in the world more pathetic than the meek, timorous, shrinking ways of certain old people—we have all seen them—who have given up their homes into younger hands, and subsided into some out-of-the-way corner of it, to sit by the fire side and table henceforth as if afraid of "making trouble," afraid of being "in the way," afraid of accepting half what is their due, and going down to their graves with a pitiful, deprecating air, as if constantly apologizing for staying so long. There is no scorn too deep nor sharp for the sons and daughters who will accept this attitude on the part of those to whom they owe so much.

As a rule a bride returns to earth in about three weeks, says an exchange. A bride is paid so much attention that she is badly spoiled, unless she is a very unusual woman. But in about three weeks after she is married she begins to recognize her own mother. A few days later she begins to recognize other former acquaintances and remember what happened when she was a spin.

"Preachers should be well dressed," reads a headline in a daily paper. Well, they would be if some of the old skin-flints in the pews would loosen up and make decent contributions to the churches. There's not one minister in every hundred who is given sufficient compensation for his labors.

Few of us admit that we are superstitious, but just the same most of us have a funny feeling if a black cat happens to cross our path.

Why Colds are Dangerous.
Because you have contracted ordinary colds and recovered from them without treatment of any kind, do not for a moment imagine that colds are not dangerous. Everyone knows that pneumonia and chronic catarrh have their origin in a common cold. Consumption is not caused by a cold but the cold prepares the system for the reception and development of the germs that would not otherwise have found lodgement. It is the same with all infectious diseases. Diphtheria, scarlet fever, measles and whooping cough are much more likely to be contracted when the child has a cold. You will see from this that more real danger lurks in a cold than in any other of the common ailments. The easiest and quickest way to cure a cold is to take Chamberlain's Cough Remedy. The many remarkable cures effected by this preparation have made it a staple article of trade over a large part of the world. For sale by F. P. Frisbie. 1m

Peculiar Old English Names.
Here are some of the names taken from a jury list in 1858, the year in which Richard Cromwell succeeded his father as protector of England: Faint-Not Hewitt, Redeemed Compton, Stand-Fast-on-the-High Stinger, Be-Courteous Cole, Search-the-Scriptures Moreton, Kill-Sin Pimple, Be-Faithful Joiner, Fight-the-Good-Fight-Faith White, More-Fruit Flower, Weep-Not Billing, Repentance Avis and so on.

Fifty Years a Blacksmith.
Samuel R. Worley, of Hixburg, Va., has been shoeing horses for more than fifty years. He says: "Chamberlain's Pain Balm has given me great relief from lame back and rheumatism. It is the best liniment I ever used." For sale by F. P. Frisbie. 1m

To quickly check a cold, druggist are dispensing everywhere a clever Candy Cold Cure Tablet called Preventics. Preventics are also fine for feverish children. Take preventics at the onset stage, to head off all colds. Box of 48—25c. R. E. McRoberts.

Served as coffee, the new coffee substitute known to grocers everywhere as Dr. Shoop's Health Coffee, will trick even a coffee expert. Not a grain of real coffee in it either. Pure healthful toasted grains, malt, nuts, etc. have been so cleverly blended as to give a wonderfully satisfying coffee taste and flavor. And it is "made in a minute," too! No tedious 20 to 30 minutes boiling. Test it and see. Dr. Shoop created Health Coffee that the people might have a genuine coffee substitute, and one that would be thoroughly satisfying in every possible respect. Sold by Gill & Simpson.

Smith & Herring will move to the Sweeney room, adjoining, at same time. Both stores will be remodeled and put in up-to-date condition, the front being made of plate glass and modern windows.

Coleman Gulley sold the Danville Steam Laundry Agency to Malcolm House.

Hon R. H. Tomlinson has been making speeches for the democratic committee in Lincoln.

This is the time of year to look out for fire. Remember how dry property is, and be very careful.

The entertainment to be given at the court house tonight is under auspices of the local Odd Fellows lodge.

Business Change.

Mr. L. G. Davidson has sold half interest in his grocery to Mr. Theo. Curry, and the firm is now Curry & Davidson. Both these young men are hustlers and know the grocery business thoroughly. They will appreciate a share of your trade.

Buy Good Property.

Henry Duncan has bought of Jas. Turner, the large brick property, known as the Harden property, just below the Thompson block. Price private, possession Jan. 1st. He will put his barber shop where the millinery store is now located and live in the residence above.

Senator Paynter Coming.

U. S. Senator, Thos. H. Paynter, will address the citizens of Garrard, at the court house, at one o'clock Wednesday, next, the 14th, on behalf of the democratic nominees. Everybody, especially the ladies, are invited to hear this gifted and able orator. H. T. Logan, Chm. Cam. Com.

Very Important Problem.

The people of Lancaster should bear in mind that in nearly every other Central-Kentucky town, the water works have closed down on account of drought. While there is much water in the Lancaster lake, yet it should be borne in mind that nearly all cisterns are dry, and should a big fire break out, the lake would necessarily be put out of commission. Don't waste the water, especially in sprinkling—remember when wasting water that your property might be endangered, so use as little water as possible.

Water Notice

There is sufficient water in the lake for present necessities, although it is getting low. However no one can tell how long the present supply will last, and a word of warning is timely. No one knows how long the drought will last, so we must be prepared for emergency. A big fire would be a severe drain on the water supply and it is advisable to hoard what we have for emergency. I respectfully ask that patrons be as careful as possible; sprinkle as little as possible and always be careful that your plugs and faucets are shut off at night. Unless these suggestions are heeded it may become necessary to prohibit sprinkling entirely. Luther E. Herron, Supt.

Given Rousing Reception.

A rousing crowd greeted Senator Bradley when he spoke at the court house Wednesday afternoon, and the reception given him by his friends in his old home town proved the fact that the people of Lancaster and Garrard county appreciate the worth of the distinguished politician, lawyer and statesman. The court house was packed and the cheers at times were deafening. The Senator set forth the cause of the Republican party in a clear and convincing way, and gave the democrats many rib-roasters. Senator Bradley, there's no disputing that fact, is one of the best stump speakers in the country, and is always greeted by big crowds of both Republicans and Democrats. He is now residing in Louisville, but his tribute to Lancaster proved the fact that he will always look upon the old town as "Home." Senator Bradley was introduced by Hon Lewis L. Walker, who was given much applause during his remarks. The court room was beautifully decorated with potted plants, flags and cut flowers. Preceding introduction of Senator Bradley, Hon L. W. Bethurum, republican candidate for congress, was called upon and made a few remarks, which were heartily applauded.

Call of Committee.

As Chairman of the Democratic Campaign Committee for Garrard county, a meeting is called at the court house at 2:30 p. m. Saturday the 10th, for the purpose of organizing and doing other work incident to the campaign. The following constitute the precinct committeemen: Court House, M. D. Hughes, J. N. White; East Park, W. L. Lawson, A. K. Walker; West Park, Jim Clark Sr., Doc Lee; West Bryantsville, J. B. Ruble, Green Bowling; East Bryantsville, Ike Dunn, Tim Ford; Buckeye, J. O. Bogie, E. B. Ray; Walkers School House, R. R. Denton, Wood Burnside; Paint Lick, J. W. Walker, Bob Arnold; Union, Ed Walker, Sr., W. G. Gooch.

The Hon. Harvey Helm, democratic nominee for congress, will speak at Lancaster county court day, Oct. 26, at one o'clock; at Bryantsville, two o'clock, Tuesday 27; at Hickman Tuesday night at seven o'clock; and at Paint Lick at two o'clock p. m., Wednesday the 28th. Hon R. H. Tomlinson democratic elector, will accompany Mr. Helm in these appointments and will also address the citizens. Other appointments will be made for speeches in the county later on by W. I. Williams, G. T. Farris, G. B. Swinebroad, J. Mort Rothwell, J. E. Robinson, J. I. Hamilton and others. A full attendance of the committee is desired on Saturday next, and everybody is requested to lend a helping hand to roll up a democratic victory in old Garrard. H. T. Logan, Chm., Democratic Campaign Committee.

David Parker, of Fayette, N. K., a veteran of the civil war, who lost a foot at Gettysburg, says: "The good Electric Bitters have done is worth more than five hundred dollars to me. I now take them as a tonic, and they keep me strong and well." 50c. at McRoberts drug store.

Real Fountain of Youth.

The Nevis is a small British island near St. Kitts, as round as your hat and consisting of one lofty mountain peak and a lovely shell road, some celebrated ruins and the finest mineral springs—real, hot, rotten-smelling sulphur water being brought from the mountain top in a stone conduit. A few baths in this water, at 103 or 104 degrees will renew your youthful vigor.

The wholesome, harmless green leaves and tender stems of a lung healing mountainous shrub, give to Dr Shoop's Cough Remedy its curative properties. Tickling or dry bronchial coughs quickly and safely yield to this highly effective Cough medicine. Dr Shoop assures mothers that they can with safety give it to even very young babes. No opium, no chloroform—absolutely non-toxic and harmless. It calms the distressing cough, and heals the sensitive membranes. Accept no other. Demand Dr Shoop's. Sold by R E McRoberts.

One Use for the Desert.

Dates thrive on the Colorado desert.

Stomach troubles would more quickly disappear if the idea of treating the cause, rather than the effect, would come into practice. A tiny, inside, hidden nerve, says Dr Shoop, governs and gives strength to the stomach. A branch also goes to the Heart, and one to the Kidneys. When these "inside nerves" fail, then the organs must fail. Dr Shoop's Restorative is directed specifically to those failing nerves. Within 48 hours after taking the Restorative treatment patients say they realize a gain. Sold by R. E. McRoberts.

A Healthy Family.

Cough Caution

Never, positively never poison your lungs. If you cough—even from a simple cold only—you should always heal, soothe, and ease the irritated bronchial tubes. Don't blindly suppress it with a stupefying poison. It's strange how some things finally come about. For twenty years Dr. Shoop has constantly warned people not to take cough mixtures or prescriptions containing Opium, Chloroform, or similar poisons. And now—a little late though—Congress says "Put it on the label. If poisons are in your Cough Mixture." Good! Very good! Hereafter for this very reason, mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's label—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take to chance fact, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and note the difference. No poison marks there! You can always be on the safe side by demanding
